Pending Proposals

- 136/146 exhaust system retrofit – BC Shops has been contacted about retrofitting 146 from stack exhaust to side exhaust. Awaiting feedback. The current setup on 136 (Middleton) is not as effective as conventional systems (City stations). It pops off immediately when the vehicle moves forward.

Special Notes

- Spring Term Grades: As of 6/26, staff is awaiting receipt of final spring grades from a handful of RRVs. When grades are received, we will coordinate with Oda and Conder.
